PROJECTS

Intermediate

Intermediate lets you read as many articles as you wish!

Project made with: React, Hooks, Firebase.

In this project I have learned how to use the Context API, how to hosted the project with firebase hosting and how to design a database

Live demo: <https://intermediate-44881.web.app/>

Amazon Clone

Clone of the popular e-commerce site Amazon

Project made with: Firebase, Express, Stripe API, React, Hooks, Node

This project was a really challenging one, where I have to implement a back-end system and hosted on Heroku

Live demo: <https://amazon-clonee.herokuapp.com/>

Dolla

Banking app. Banking made it easy!

Project made with: Styled components, Firebase, Hooks, React

A challenging project where I had to learn styled components, used Context API, and firebase hosting.

Live demo: <https://banking-a.web.app/>
